MATERIAL SAFETY DATA SHEET

This MSDS complies with 29 CFR 1910.1200

SECTION 1 - PRODUCT IDENTIFICATION

PRODUCT All styles of aluminized glass/polyester nonwoven
FINISH Natural
DESCRIPTION Thermally bonded mat

SECTION 2 - HAZARDOUS INGREDIENTS

<table>

SECTION 3 - OTHER INGREDIENTS

ITEMS LISTED IN THIS SECTION ARE EITHER CHEMICALLY OR PHYSICALLY BONDED TO THE FIBROUS GLASS TEXTILE AND ARE DEEMED NON-HAZARDOUS IN THE STATE SUPPLIED.

<table>

SECTION 4 - PHYSICAL DATA

Specific Gravity: Not Applicable
APPEARANCE/PHYSICAL STATE: Gray/silver; solid
ODOR: No distinctive odor

SOLUBILITY IN WATER: Negligible
SECTION 5 - FIRE HAZARD DATA

FLASH POINT: Not applicable
FLAMMABLE LIMITS: Melts at 250°F - may ignite when exposed to flames.

EXTINGUISHING MEDIA: Water, dry powder, or foam (needed for packaging only).
SPECIAL FIRE FIGHTING PROCEDURE: Provide protection from decomposition of combustible products.
UNUSUAL FIRE HAZARDS: In a sustained fire, combustible decomposition products may be released. These products include carbon dioxide, carbon monoxide, and low molecular weight hydrocarbons **

SECTION 6 - REACTIVITY DATA

STABILITY: Stable
HAZARDOUS POLYMERIZATION: Will not occur
CONDITIONS/MATERIALS TO AVOID: None Known
HAZARDOUS DECOMPOSITION PRODUCTS: None generated under normal storage or handling conditions.

SECTION 7 - HEALTH HAZARD DATA

POTENTIAL ROUTES OF ENTRY: Inhalation, skin contact
EFFECTS OF OVEREXPOSURE: Direct skin contact with fibrous glass or its dust may cause mechanical irritation and transitory dermatitis. Breathing of fibers or dust may cause mechanical irritation of the mouth, nose, and throat. Textile sizing normally burns off of the surface of the glass fiber the first time the product is heated to about 400°F; if this occurs with inadequate ventilation, some smoke may accumulate causing temporary irritation of the eyes, nose and throat.
Needled mat products may contain broken steel needles, which may cause injury.

EMERGENCY AND FIRST AID PROCEDURE:
   Inhalation: Move to fresh air area.
   Ingestion: Not likely to occur through normal use, should ingestion occur seek medical attention.
   Eyes: Flush with flowing water for 15 minutes - seek medical attention
   Skin: Flush with ample cool water followed by washing with mild soap to remove accumulated fibers.

CARCINOGEN: Not classified as regulated under ACGIH, IARC, NTP, or OSHA. Industry studies have shown textile grade fibrous glass to be a non-carcinogen.
SECTION 8 - SPECIAL PROTECTION REQUIRED

Exposure to fibrous glass may cause mechanical irritation to the skin, eyes, nose and throat. Typically such irritation occurs to newly exposed individuals, and usually diminishes after several day of exposure.

RESPIRATORY: If airborne fibrous glass exceeds the regulatory limits, or if upper respiratory irritation occurs, use a respirator designed for nuisance type dust.

VENTILATION: Normal area ventilation is sufficient in most cases to keep dust and fiber levels below the TLV or PEL.

SKIN: Barrier creams, gloves, and long sleeve loose fitting clothing may be required for certain workers who have sensitive skin or contact dermatitis. It is recommended that gloves be used to prevent possible needle sticks. Work clothing should be laundered separately from other clothing before reuse.

EYE: Not normally required, but as a good safety work practice, suggest the wearing of appropriate eye protection such as safety glasses/side shields or equivalent whenever use of the product releases airborne fibrous glass.

OTHER: Observe good personal hygiene.

SECTION 9 - CONTAINMENT AND DISPOSAL

CONTAINMENT AND CLEAN UP: Dust or loose fibers can be vacuumed or swept with the aid of a dust suppressant.

DISPOSAL: Dispose according to local, state, and federal laws. This material is not regulated under RCRA hazardous waste regulations.

SECTION 10 - SPECIAL PRECAUTIONS

SHIPPING: Not regulated by DOT; not classified by TDG

STORAGE: Store in dry area.

SECTION 11 - REGULATORY INFORMATION

CERCLA: Not listed

SARA TITLE III: Exempt by definition

PA RIGHT-TO-KNOW: Not subject to reporting

TSCA INVENTORY: Reported/Included

CA PROPOSITION 65: Not listed

NJ RIGHT-TO-KNOW: Not subject to reporting

Revision Date: July 1, 2008
